

# CARNEY INSTITUTE BY THE NUMBERS

## Major accomplishments in 2018

### FUELING DISCOVERY: \$150M+

- Among recent gifts, we received **\$100M** to drive our research agenda and **\$25M** to create a center of excellence
- Carney faculty were awarded more than **\$25M** in external grant funding in FY18
- We started FY19 with a **\$12M** grant from NIH to our COBRE Center to explore the fundamentals of brain function

### INVESTING IN INNOVATION: \$1M

We awarded more than **\$1M** in internal grants, funding 6 innovation awards; 6 RI Neuroscience Consortium New Frontiers Awards; 2 postdoctoral fellows; 5 graduate and 6 summer UTRA awards

### BUILDING COMMUNITY

- We organized **4** Carney Lunch Talks to spotlight our researchers and to foster trans-disciplinary conversations
- We welcomed **2** associate professors to the Center for the Neurobiology of Cells and Circuits, and **2** Carney staff members

### LEADING IN INNOVATION: 200+

Carney-affiliated faculty published more than **200** articles in journals including: Journal of Neuroscience; Cell; Neuron; Nature Communications; American Journal of Psychiatry; Nature Neuroscience; PNAS; Lancet Neurology; and Molecular Cell
